New And Different

10,000 Maniacs chose to perform reggae and new wave music for a variety of reasons, including the fact that it was new and different. Shown at right, in a "different" setting are, left to right, Norman Buck, Natalie Merchant, Robert Wächter, Steven Gustafson, Dennis Drew and John Lombardo. Below, right, is the cover of 10,000 Maniacs' first recording, designed and drawn Miss Merchant. Inside the cover are pictures of men killed one week in Vietnam.
