

## 10,000 Maniacs To Perform

MAR 26 1993

The musical group 10,000 Maniacs announced today they will perform a concert to benefit the Reg Lenna Civic Center. The goal is to raise at least \$10,000 to go toward the center's ongoing program and to pay other acts to perform. More would be raised if the show sells out. The show is set for May 8 at the Civic Center and tickets go on sale tomorrow at the center's box office. From left, bandmembers Dennis Drew and Steve Gustafson and Philip Morris, executive director of the Civic Center, are seen leaving the early morning press conference. See story, Page 13.
