

## CELORON PARK IMPROVEMENTS

Changes Being Made —  
Celoron Realty To Oper-  
ate Resort This Year.

Celoron Park this year will be operated by its owners, the Celoron Realty Company, and will not be leased out to someone else, it was announced yesterday by William H. Pickard, representing the Celoron Realty Company.

Clyde L. Carnahan and Thomas Carr have taken over the concessions under a contract and will operate those.

Mr. Pickard says that extensive improvements are underway and that several innovations are being planned for the Summer program. Bookings will be handled through the Celoron Realty Company office in the Jamestown Street Railway office building.

Midway Park has been leased by the J., W. & N. W. Railroad to Thomas Carr, who will operate it again, the same as usual. He contemplates making various improvements in that resort also.
