EXIT

**PRODUCTION RESUMED AT DAHLSTROM PLANT**—Employees of Dahlstrom Metallic Door Company munch their time cards as they returned to work this morning. About 650 employees, members of UE Local 307, had been on strike since Feb. 7. The strike ended Saturday. The workers struck for a general wage increase, two additional paid holidays a year and a company-paid insurance plan. They agreed to modified terms granting them a 9 1-2 cent package increase, with extra holidays and insurance plan and a Christmas bonus.
