

## Fancher Employees Return to Work; New Pact Signed

SALAMANCA (P)—About 500 employees at Fancher Furniture Company returned to work today after their walkout yesterday culminated in a new contract agreement.

Fancher is Salamanca's largest industry.

The old contract expired Feb. 15, but had been extended by mutual agreement until midnight Tuesday.

Ernest G. Sage, president of Local 3194, AFL-CIO, Brotherhood of Carpenters and Joiners, said the new pact provides hourly wage increases ranging from five to 11 cents.

Exact terms under both the old and new contracts were not available.
