

**LITTLE THEATER RENOVATIONS UNDER WAY**—The cavernous interior of the old Shea's Theater building, East Second Street, is shown looking from the stage as major renovations are being made by the building's new owners, the Little Theatre of Jamestown. The public has been invited

to visit the premises from 3 to 7 p.m. Sunday for an "as is" look at the project. The present balcony now holds the Little Theater's "costume department" and will be closed off when remodeling is completed, hopefully early in 1969.
