

... NEW YORK — WEDNESDAY ...

Stagecraft Guild Plans Workshop For Public

FEB 27 1974

Interested area residents will have an opportunity to find out what makes a theater tick at a free Backstage Workshop from 1:30 to 4:30 p.m. Sunday at Little Theatre of Jamestown.

As planned by the Stagecraft Guild Education Committee, the workshop will be broken up into hour time periods to allow participants to attend three of seven separate sessions in which backstage skills will be explained and demonstrated.

The seven areas and the in-

structors are: Set design, Mike Hall; set construction, Dan Woodard; costumes, June Hall; props, Jim Stenstrom; lighting, Jack Sherwood; sound, Dick Lewis, and makeup, Sue Jordon.

Members of the committee responsible for coordinating the Backstage Workshop are Gail Kirchhoff, Terri Coons, Gene Danielson and Jack Riehm.

The Stagecraft Guild invites members of Little Theatre and non-members to attend the workshop.
