

Maddox Union Ratifies New Wage Boost

DEC 5 1950

A six-cent hourly wage boost for some 180 workers of the Maddox Table Company went into effect today, according to Santino R. Cicchini, president of the independent union at the plant.

The wage boost was ratified at a special meeting of the Maddox Table Union (Ind.) at Nordic Temple, Saturday afternoon.

Mr. Cicchini said the wage hike was the third granted by the company this year. Five-cent hourly raises were given in May and September, making a total of 16 cents for the year.
