ANNOUNCEMENT.

In presenting the Jamestown City Directory for 1892-93, to which we have included Falconer and Lakewood, the publishers feel that they are supplying a model book of its kind, and that in the production of the work from time to time they are keeping pace with the progress of the city in its rapid growth and great prosperity. Accuracy, as far as its attainment is possible, is a prime requirement, and it is believed the present volume will prove unexcelled in this respect.

The Directory for 1890-'91, contained 7,187 names; the Directory for 1892-'63 contains 8,353 names, an increase of 1,166, being indicative of an increase in population during the two years of 3,207, and a present population of 22,970, figuring on a basis of 2½ persons to the name. As the usual computation is from 3 to 4, it will be seen that our estimate is indeed a very low one.

We sincerely thank our advertisers and the public generally for the liberal support they have accorded us, and trust the work will meet with their approval.

Very truly yours,

F. H. & W. A. WHITE,

Publishers.

Fine Work Only at the Star Laundry.

Patronize Jamestown Enterprise

IN PREFERENCE TO FOREIGNERS.

A Word With You!

Every citizen of Jamestown should exert his influence toward the building up of the Pearl City and the maintainance of her manufactories. We therefore ask that you deal with us in preference to sending your order to a foreign manufacturer. Our work will compare in every detail with any competitor, and in ninety-nine cases out of every hundred excel. Every description of paper boxes made, and we most respectfully solicit the patronage of the public.

The Mutual Reserve Fund Life Assn.

OF NEW YORK.

. . . . The Safest, Largest and Best of All.

Professional, Business and Laboring Men of Jamestown carry large policies in it, and recommend it as preferable to all others. It leads them all. Costs about one-half the old system.
