SINCLAIRVILLE STOCK FARM,

B. B. LORD, PROPRIETOR.

SINCLAIRVILLE STOCK FARM is situated in one of the most fertile valleys of Western New York, midway between Dunkirk and Jamestown, on the D., A. V. & P. R. R., $1\frac{1}{2}$ miles from Sinclairville station, and has

ONE OF THE FINEST HERDS OF THOROUGHbred HOLSTEIN CATTLE TO BE FOUND IN AMERICA.

From our importations of these Cattle have been obtained the largest BUTTER records, the greatest amount of butter from the least amount of milk, and the largest number of pounds of butter, in two hundred and fifty consecutive days, of any Holstein cow ever imported. In this herd is

"JENNE B., 2D," No. 2,910, H. H. B.

Whose milk under test at the meeting of the W. N. Y. A. S., held at Sinclairville, N. Y., in April, 1883, registered three and one-half per cent. against the other sample given by a native cow, of two and a half per cent. fat; which, as it was said at the time, was a decided "feather in the bonnet," for the native of Holland. At the time this test was made, "Jenne B. 2d," was giving over 80 lbs. of milk per day, and has since given 86½ lbs. in a single day, with a butter record of 18½ lbs. in 7 days, in the month of March, 1883, on dry feed.

Our importation of 1883, consisting of 105 head, includes all the "Jenne B." family to be found in Holland. Also, the yearling Bull, "Barrington," 2,103, (which we believe to be without an equal in this country,) and his dam, "Hamming," 3,851, H. H. B., with a milk record of 99 lbs. in a single day.

All stock for sale, and visitors always welcome.

INTRODUCTORY.

In presenting this, our first CITY DIRECTORY OF JAMESTOWN AND BUSINESS DIRECTORY OF CHAUTAUQUA COUNTY, we take this opportunity of expressing our gratification at the success that has attended our efforts, and the uniform willingness with which information has been extended to us.

We make no claim that the work is perfect, or that it is free from errors, but simply that it is as near perfection as earnest work, perseverance and liberal outlay can make it, and has resulted in the best compilation the City and County has ever been favored with, and we trust that the present volume will commend itself to the admiration of the public at large. The canvass for a City and County Directory is beset with numerous unavoidable difficulties. Many persons whose judgment should teach them the folly of such a course, give the desired information inaccurately or reluctantly, while others refuse information entirely, and we are compelled to seek it from outside sources; and others again deem it humorous to give fictitious names and in other ways interfering with the correctness of so important a work. The gleaning out of these defects has been a laborious task, hardly accomplished perfectly. These are a few of the many and varied difficulties that interfere with the absolute perfection of a Directory. That we have accomplished this in an eminent degree we believe, and hence our confidence that our work will meet with a favorable reception.

The Jamestown General Directory contains fifty pages, aggregating 3,372 names. Estimating each name to represent $3\frac{1}{4}$ persons we have 12,645 as the present population. This fine showing must prove grateful to every citizen of Jamestown, and the publisher feels an especial pride in being the immediate instrument of bringing these very agreeable facts to public attention.

Thanking our advertisers for their liberal patronage and encouragement, and trusting that this our first issue will, in their estimation, justify all that we hope for,

We remain, respectfully,

FRANK H. WHITE, Publisher.

H. J. HOWE,

DUNKIRK, N. Y.,

Sole Agent for the Celebrated

SOHMER

GRAND, SQUARE
AND
UPRIGHT
PIANO FORTES.

Every Piano ought to be judged as to the quality of its tone, its touch, and its workmanship; if any one of these is wanting in excellence, however good the others may be, the instrument will be imperfect. It is the combination of these qualities in the highest degree, that constitutes the perfect Piano, and it is this combination that has given the "SOHMER" its honorable position with the trade and the public.

Prices as reasonable as consistent with the highest standard.
